

Pipe Sponsorship/Adopt-a-stop All Saints' Church, Springfield, Chelmsford

To maintain the organ now and for future generations to enjoy we are launching a pipe/stop sponsorship scheme. There are currently 323 pipes needed to complete the organ. It is hoped we can raise enough to add even more, to create a 'Chancel Organ' at the front of the church.

The pipes range in length from 16 feet to under 2 feet. Each size is equally important to the sound quality of the organ, and sponsorship will allow for installation of the six missing stops on the console in addition to the cleaning of all 603 existing pipes.

You might decide to donate as an individual, couple, family, group, school, business etc. Does your employer have a charity budget? Or save all your loose change until you have enough for a pipe!

You will receive a certificate and your name/dedication will be entered in a book of sponsors. If you adopt the pipes needed for a whole new stop, your name/dedication will qualify to be included on an engraved plaque on the organ as a permanent record of your support. You will also be invited to a personal demonstration of the difference that stop has made, after installation. Perhaps you could club together with others to do this?

How about making your donation as an unusual birthday or Christmas gift, to commemorate a special event such as a birth, anniversary, in memory of a loved one or simply for yourself?

<i>Here are the descriptions and prices of pipes and stops available to sponsor:</i>	Per Pipe/Stop
16ft ranks: The largest pipes and deepest notes on the organ, typically providing resonant bass tone	£250
8ft ranks: Pipes of normative pitch, producing a wide variety of tonal colours, e.g. imitating flutes and oboes	£100
4ft ranks: Typically imitating flutes or recorders, these sound an octave higher than the norm to create a bright and clear tone	£25
2ft ranks (and smaller): Despite looking like tin whistles, the organ's smallest pipes create its brightest, clearest and most characteristic sounds	£10
<i>Note: The size description in feet of a rank of organ pipes exists purely to indicate the pitch of the rank as a whole, and is the approximate length of the largest pipe sounding at that pitch. Pipes are priced at a flat rate according to the pitch designation of the rank, and the majority are considerably smaller than the nominal size.</i>	
Stops: The six missing stops on the organ are: (Swell Organ) 8' Celeste, 2' Fifteenth, Mixture 19/22, 8' Oboe; (Pedal Organ) 8' Principal, 4' Fifteenth. The adoption figures are based on average costs for the required ranks. <i>When we are ready for installation you will be contacted to confirm which of these will receive your dedication.</i>	£1400 or £2900

If you wish to donate, please complete and return this form (with cash/cheque as appropriate) to:
Sally Brown, 3 Fitzwalter Place, Chelmsford CM1 2LX - or Email to AllSaintsPipes@gmail.com if using BACS for payment

Alternatively leave in 'B' pigeonhole at church, or hand to a Churchwarden or the Rector.
